Steve,

For your reference, I had this listing prepared for the staff to complete on open Capital Fund Grants (and Alease has been updating it). Alease has actually been processing Larry Boss's grants since he is out. She actually learned the process from our written procedures; meetings we have conducted regarding the process and by working with Bill Spearman.

Attached is the most current Capital Grant listing. Please be sure to work on closing these and/or conducting the preliminary close-outs as discussed. Special thanks to Alease for all of her work on these grants!!!
